

All About Me!

Introduction

Hello! I'm Anthony Chippi, a Computer Science graduate passionate about leveraging technology to solve complex problems. With a Bachelor's degree in Computer Science and hands-on experience at The Dow Chemical Company as a Software Engineer specializing in Cybersecurity, I bring a blend of technical expertise and creativity to the table.

Education

- Bachelor of Science in Computer Science
 - Graduated in 2023
 - Saginaw Valley State University

Professional Experience

The Dow Chemical Company
Software Engineer - Cybersecurity
Current Employment

- At The Dow Chemical Company, I contribute to the Cybersecurity division as a Software Engineer. My responsibilities include:

Automation with Azure:

- Utilizing Azure Automation account with runbooks and logic apps to streamline processes.
- Implementing automation rules with Sentinel to respond effectively to incidents.

Angular Project for SOC:

- Designing an Angular project for the Security Operation Center (SOC) analysts to facilitate incident management.
- Providing user-friendly tools to enhance incident resolution processes.

Achievements

- Graduated high school in 2020 and college in 2023 while managing a rigorous course load of 18-24 credits per semester and working 25+ hours a week as a Full Stack developer at Dow.

Hobbies and Interests

Outside of work, I enjoy:

- Web Development: Working on website projects in my local community to enhance user experience and accessibility.
- Billiards Pool: Engaging in games of 8 ball and 9 ball, honing my skills and enjoying friendly competition.
